

GEPPETTO®-EIS

Our competence

The company GEPPETTO EIS GmbH is a company with many years of experience in the ice cream industry.

We are manufacturer of spaghetti ice cream presses and ice cream scoop showers and dryers as well as other stainless steel products.

The philosophy of the company GEPPETTO EIS is to continuously improve and develop its products.

The name Geppetto stands for innovation.

Our company is located in the North of Germany.

Most of our sales are handled by wholesalers and specialist dealers in Germany.

Our wholesalers and specialist dealers endeavour to provide our customers with advice and support through trained staff.

We offer professional competence, advice and service, among other things through training courses, which can also take place at our dealers' premises as part of an inhouse exhibition.

You can't buy experience and love for your job, but you can make your work more pleasant and efficient by choosing the right product.

GEPPETTO EIS will be happy to advice you on the selection of products and machines.

Holder for ice cream trays

For mounting on ice cream machines

Item no. highlighted in blue
= Fast delivery

GEPETTO®

our house brand

Everyday helpers
for ice cream
makers

Holder for ice cream machines

- The ice tray holder is an aid for filling ice trays on the ice machine
- Suitable for all ice cream machines
- Simple installation on the front mounting pins of the ice cream maker
- The holder offers space for an ice cream tray as well as ingredients and hand tools such as ice cream scoops
- High-quality stainless steel

For ice cream trays
330 mm or 360 mm
wide

Holder for ice cream trays GEPETTO®

for 360 mm ice cream trays

No. **23202-36**

The advantages

- Storage tray for hand tools
- The tray offers space for ice cream paste and other ingredients
- Free hands for marbling!
- No more sticky ice residue under the ice tray
- The cleaning water can be channelled through the holder into a canister or directly into the drain
- No more splashing water on the floor!
- Easy to clean!
- No screws, easy to take apart

Holder for ice cream trays GEPETTO®

for 330 mm ice cream trays

No. **23202-33**

Suitable for various
ice cream machines

Drain with overflow pipe

Recess for drip residue

Storage space
for hand tools

Storage surface
for ingredients such as variegati and marbling

Delivery ex works. Transport insurance included. All prices plus VAT.

Undercounter for ice tray holder GEPPETTO®

for article 23202-33 or 23202-36

No. **23204**

Mobile undercounter for ice tray holder

- suitable for article 23202-33 or 23202-36
- Suitable for all ice cream machines
- Two castors with foot-operated parking brakes
- For stationary and mobile use
- Lower shelf as storage for buckets, cans, canisters, etc.
- High-quality stainless steel

Shelf for canisters, buckets, etc.

Illustration shows undercounter with holder for ice container, available separately

The advantages

- Mobile use for working on several ice cream machines
- Easy transport of waste water to the drain
- Direct connection to drain possible

Rollable for use on several ice cream machines

Swivelling castors with parking brake

Spaghetti ice cream station

Item no. highlighted in blue
= Fast delivery

GEPETTO®

our house brand

Spaghetti ice cream everywhere

Spaghetti ice cream freshly prepared in a small space

Spaghetti ice cream station GEPETTO®

Including Bella spaghetti ice-cream maker and extension sink

No. **22090**

Surcharge personalised with your own logo

No. **22090-1**

Mobile spaghetti ice cream station

Consisting of:

- Mobile ice cream display case, ready to plug in
- For 4+8 5l ice cream trays
- Manual spaghetti ice cream press Bella
- Add-on sink for the portioner (portioning shower available separately)
- Stable work surface for preparing spaghetti ice cream directly in front of the customer
- Storage space for moulders inside

Ideal for mobile sales and for small shops with limited space

Available in your own design for an extra charge

Delivery ex works. Transport insurance included. All prices plus VAT.

Spaghetti ice cream station

Item no. highlighted in blue
= Fast delivery

The advantages

- The Spaghetti Ice Station allows you to prepare spaghetti ice cream in the smallest of spaces. All you need is a power connection for cooling and ice cream.
- The Bella manual spaghetti ice cream press supplied enables the ice cream to be pressed through with little effort.
- The ice chest has storage space for 4 ice trays of 5 litres each for direct use, as well as for cooling other formers.
- The chest offers space for 8 additional ice trays of 5 litres each inside.
- The upper glass superstructure provides a storage area for handover to the customer.

Ready to plug in for 4+8 5l ice cream trays

Technical data:

Dimensions L780 x W640 x H1181 mm
 Temperature -18°C/-25°C
 Refrigerant gas: R290
 Climate class 5 (+40°C - 40%RH) L1
 Net weight: 54.7 kg
 Gross weight: 70.9 kg
 Net volume: 136 litres
 Gross volume: 170 litres
 Output: 150 W
 Consumption: 2.28 kW/h/24h
 Energy efficiency class: A

- Static vaporiser wrapped around the tank
- Upper structure with flat glass panes and glazed sliding covers
- 4 unidirectional rollers
- Standard equipment: basket for 4 x 5 litre ice cream containers. (Ice trays are not included)

Reliability tested over many years

Cleaner & dryer

For the ice cream scoop
Built-in models

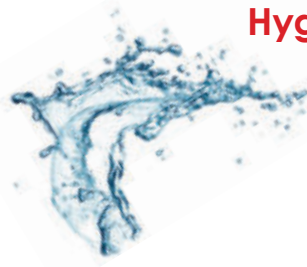

Item no. highlighted in blue
= Fast delivery

GEPPETTO®

Our own brand

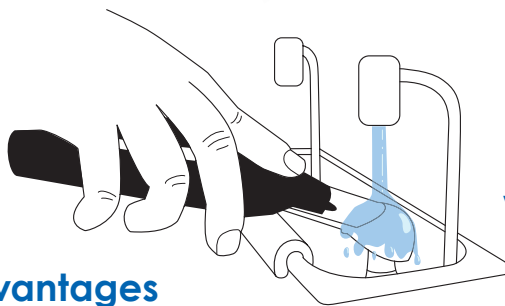

No more
water drops in
the ice!

Hygiene and protection against bacteria!

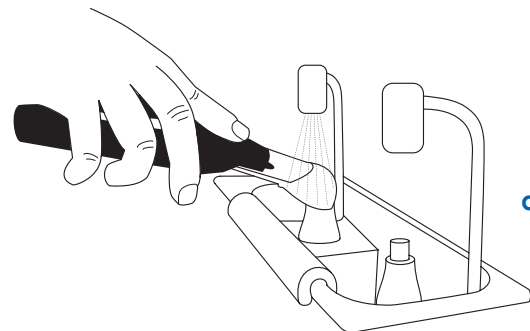

The function

The cleaner and dryer for ice cream scoops is child's play to operate! By pressing or pushing down the white POM pin, the scoop is carefully cleaned from the inside and outside. The ice cream scoop is then dried inside and out by compressed air according to the same principle.

wash

dry

The advantages

- developed on the basis of our many years of practical experience
- maximum hygiene through targeted cleaning and drying process!
- minimal water consumption during cleaning!

- no more ice drops in the ice cream
- the high quality of the ice cream is preserved!
- no need for draining cloths

GEPETTO®

Our house brand

Practical
helper!

Mould holder GEPETTO® for the ice cream display case

The advantages

- the mould is kept chilled in the ice cream display case
- easy to attach to the ice tray
- the ice tray can be used normally
- height adjustable
- maximum hygiene
- cooling and air circulation is not affected
- high quality material: stainless steel

**The moulds are always cooled
and ready for use!**

mould holder for narrow ice cream trays (165 mm)

offers space for two formers
adjustable in height
Dimensions: W 191 x D 89 x 180 mm

No. **23209**

**maximum
hygiene**

Mould holder for wide ice cream trays (250 mm)

offers space for two formers
adjustable in height
Dimensions: W 263 x D 89 x 180 mm
(the ice tray is not included)

No. **23208**

Application example

**The mould holder is simply
inserted into the ice tray**

Extension for third mould holder

only suitable for item No. 23208

No. **23208-1**

Compressors

Accessories for spaghetti ice cream presses from various manufacturers
Pssst.....the quiet ones

- Quiet-running compressors that are (almost) inaudible.
- With less than 50dB(A) of the compressor series from SIL-Air you can't even speak of noise, it's simply quiet.
- Whisper-quiet compressors produce a sound level that comes close to the hum of a refrigerator motor.

Special compressor oil SINCOM/32E

for our oil-lubricated compressors with filler tip
Quantity: 500 ml

No. **50005**

Item no. highlighted in blue

Compressor SilAir 30/D

Type: SIL-AIR 30/D
Container volume: 4 litres
Voltage: 230 V/50 Hz
Power: 200 W
Suction capacity: 25 l/min
Noise emission: 40 db/A
e. Delivery: 18.5 l/min (0.65CFM)
Max. pressure: 8 bar / 116 psi
Weight: 22 kg
Dimensions: W 410 x D 180 x H 430 mm

No. **49008**

Compressor SilAir 30/6

Type: SIL-AIR 30/6
Container volume: 6 litres
Voltage: 230 V/50 Hz
Power: 200 W
Suction capacity: 25 l/min
Noise emission: 40 db/A
e. Delivery: 18.5 l/min
Max. pressure: 8 bar / 116 psi
Weight: 17 kg
Dimensions: W 300 x D 300 x H 440 mm

No. **49007**

Compressor SilAir 50/D

Type: SIL-AIR 50/D
Tank volume: 6 litres
Voltage: 230 V/50 Hz
Power: 340 W
Suction capacity: 50 l/min
Noise emission: 40 db/A
e. Delivery: 37 l/min (0.88 CFM)
Max. pressure: 8 bar / 116 psi
Weight: 23 kg
Dimensions: W 430 x D 200 x H 450 mm

No. **49010**

Compressor SilAir 50/6

Type: SIL-AIR 50/6
Tank volume: 6 litres
Voltage: 230 V/50 Hz
Power: 340 W
Suction capacity: 50 l/min
Noise emission: 40 db/A
e. Delivery: 37 l/min (0.88 CFM)
Max. pressure: 8 bar / 116 psi
Weight: 20 kg
Dimensions: W 340 x D 340 x H 440 mm

No. **49009**

Compressor Black Panther

Type: P 50/24 AL
Container volume: 24 litres
Voltage: 230 V/50 Hz
Power: 340 W
Suction capacity: 50 l/min
Noise emission: 40 db/A
e. Delivery: 18.5 l/min
Max. pressure: 8 bar / 116 psi
Weight: 30 kg
Dimensions: W 400 x D 400 x H 510 mm

No. **49021**

Delivery ex works. Transport insurance included. All prices plus VAT.

Pneumatic accessories

Do you need pneumatic connection accessories? Talk to us!

We have various adapters, plug-in and screw connectors, distributors, couplings and hose etc. in various designs and sizes in stock.

Please also take a look at our website. There you will find a large part of our product range:

www.geppetto-eis.de

Condensate drainage kit

The kit consists of:
Collection container (1 litre volume), timer, connection cable, hose connections

Time-controlled, automatic condensate separator for retrofitting to a compressor. With this kit, you can always keep an eye on the condensate produced and dispose of it in good time. The condensate produced is drained from the tank of your compressor, increasing its service life.

No. **50029**

Compressor Baby Mamba

Type: Baby Mamba
Container volume: 3.5 litres
Voltage: 230 V/50 Hz
Power: 450 W
Suction capacity: 92 l/min
Noise emission: 50 db/A
e. Delivery: 49 l/min (1.75 CFM)
Max. pressure: 7 bar / 101 psi
Weight: 18 kg
Dimensions: W 440 x D 230 x H 390 mm

No. **49004**

Compressor SilAir CW90/D

Type: SIL-AIR CW90/D
Container volume: 6 litres
Voltage: 230 V/50 Hz
Power: 680 W
Suction capacity: 91 l/min
Noise emission: 58 db/A
e. Delivery: 49 l/min (1.75 CFM)
Max. pressure: 7 bar / 102 psi
Weight: 23 kg
Dimensions: W 450 x D 200 x H 480 mm

No. **49015**

Compressor SilAir CW90 2/24

Type: SIL-AIR CW90x2/24
Tank volume: 24 litres
Voltage: 230 V/50 Hz
Power: 1360 W
Suction capacity: 182 l/min
Noise emission: 63 db/A
e. Delivery: 98 l/min (3.46 CFM)
Max. pressure: 7 bar / 101 psi
Weight: 55 kg
Dimensions: W 650 x D 360 x H 550 mm

Milk & beverage pump

serve drinks simply

Item no. highlighted in blue
= Fast delivery

GEPPETTO®

Our own brand

**A perfect addition to any catering establishment!
Whether cappuccino, milkshake or orange juice,
the beverage pump is ideal for portioning
drinks in the right portion!**

The advantages

- Developed on the basis of our practical experience
- Maximum hygiene through targeted dosage of drinks
- Easy handling
- Space-saving
- Easy cleaning
- Low maintenance costs
- Can be mounted on every work surface

Die function

A perfect addition to any refrigerated counter. When serving, the drinks are dispensed via the pump. Thanks to the milk and beverage pump, constantly opening and closing of the refrigerator is a thing of the past. No dripping or spilling of drinks and no interruption of the cold chain.

A maximum of hygiene and cleanliness!
